during the current or any prior fiscal year and (b) to the extent not needed for that purpose, allocated to its patrons on a patronage basis based upon the margins contributed by a member or a class of members, and any amount so allocated shall be included as a part of the capital credited to the accounts of patrons, as herein provided.

In the event of dissolution or liquidation of the Cooperative, after all outstanding indebtedness and liabilities of the Cooperative shall have been paid, outstanding capital credits shall be retired without priority on a pro rata basis. Any remaining property and assets of the Cooperative shall be distributed among the Members and former Members in the proportion which the aggregate contributed capital of each bears to the total contributed patronage capital of all Members and former Members. If, at any time prior to dissolution or liquidation, the Board of Directors shall determine that the financial condition of the Cooperative will not be impaired thereby, the capital then credited to patrons' accounts may be retired in full or in part. The Board of Directors may determine the percentage of retirement of capital on the total accumulated capital credits or on an annual basis. In no event, however, may any such capital be retired unless, after the proposed retirement, the capital of the Cooperative shall equal at least thirty per centum (30%) of the total assets of the Cooperative. Any such retirements of capital shall be made in accordance with policies adopted from time to time by the Board of Directors: PROVIDED, however, that the Board of Directors shall have the power to adopt rules providing for the separate retirement of that portion ("power supply or other service of supply portion") of capital credited to the accounts of patrons which corresponds to capital credited to the account of the Cooperative by an organization furnishing power supply of any other service or supply to the Cooperative. Such rules shall (a) establish a method for determining the portion of such capital credited to each patron for each applicable fiscal year, (b) provide for separate identification of the Cooperative's books of such portions of capital credited to the Cooperative's patrons, c) provided for appropriate notifications to patrons with respect to such portions of capital credited to their accounts, and (d) preclude a general retirement of such portions of capital credited to patrons for any fiscal year prior to the general retirement of other capital credited to patrons for the same year or of any capital credited to patrons for any prior fiscal year.

Capital credited to the account of each patron shall be assignable only on the books of the Cooperative pursuant to written instructions from the assignor and only to successors in interest or successors in occupancy in all or in of such patron's premises served by the Cooperative, unless the board of Directors, acting under policies of general application, shall determine otherwise.

If a member or a patron should terminate his or her membership in the Cooperative, either

voluntarily, or if said membership is terminated by action of the Board of Directors, or by the members at the Membership Meeting, and at the time of such termination the member or patron is indebted to the Corporation for nonpayment of any debt or obligation, which may include electric service, penalties, and /or other services rendered as provided for in the policies of the Corporation, the Corporation may charge the same to the capital credit account in the amount, and credit the same to the member or patron's delinquent and unpaid account at the time for the retirement of said capital credit.

Notwithstanding any other provisions of these Bylaws, the Board of Directors shall, in its discretion, have the power at any time upon the death of a patron, who was a natural person, (or if as so provided for in the preceding paragraph, upon the death of an assignee of the capital credits of a patron, which assignee was a natural person), if the legal representative of his/her estate shall request in writing that the capital so credited or assigned, as the case may be, be retired prior to the time such capital would otherwise be retired under the provisions of these bylaws, to retire such capital credited to any such patron discounted to present value, immediately upon such terms and conditions as the Board of Directors, acting under policies of general application to situations of like kind, and such legal representatives of such patron's estate, shall agree upon; provided, however, that the financial condition of the Cooperative will not be impaired thereby.

The Cooperative, before retiring any capital credited to any patron's account, shall deduct there from any amount owing by such patron to the Cooperative, together with interest thereon at the Georgia legal rate on judgments in effect when such amount became overdue, compounded annually. Furthermore, any costs associated with administration of patronage capital of inactive patrons' accounts may also be deducted from assignable patronage capital.

The patrons of the Cooperative, by dealing with the Cooperative, acknowledge that the terms and provisions of the Articles of Incorporation and these Bylaws shall constitute and be a contract between the Cooperative and each patron, and both the Cooperative and the patrons are bound, as fully as though each patron had individually signed a separate instrument containing such terms and provisions.
